PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1PIA (DLA). The photographic analysis for this particular report was performed by the Production Center 1PIA.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

25X1D

A possible military storage depot is located on the southern side of Novo-Aleksandrovskaia (Figure 1). A POL storage area is adjacent to the depot. These installations have no apparent relationship with any other installation in the area.

The possible military storage depot covers 74 acres and contains 24 warehouses, 8 support buildings, 7 barracks, 5 vehicle storage sheds, 3 vehicle maintenance buildings, and 4 admin-

istration buildings (Figures 2 and 3). The POL storage area covers 2 acres and contains 10 vertical storage tanks and a small administration building.

[REDACTED] photography reveals the storage depot essentially as it is now. The POL storage area was not visible until photography of [REDACTED]

DESCRIPTION OF INSTALLATION

25X1D

Railroad Service

Four rail spurs enter the depot from the Kropotkin-Stavropol railroad which is adjacent on the north.

Road Service

The installation is served by city streets.

Administration and Troop Housing Area

Area D contains 7 multistory barracks, a multistory administration building, and 3 support buildings.

General Storage Area

Area E contains 24 warehouses, 2 administration buildings, and 3 support buildings.

The buildings are 60 feet wide and vary in length from 110 feet to 640 feet. These buildings are rail served.

POL Storage Area

Area G contains an administration building and 10 vertical POL storage tanks with the following diameters: one 45 feet, two 30 feet, four 25 feet, and three [REDACTED]

Equipment Storage Maintenance Area

Area J contains a motor park (600 by 400 feet), 3 vehicle maintenance buildings (135 by 50 feet, 110 by 50 feet, and 70 by 25 feet), 5 vehicle storage sheds (each 155 by 25 feet), an administration building, and 2 other buildings.
